EQUAL ACCESS TO JUSTICE

2021-22 Annual Report

Defending Justice For All

The mission of Equal Access to Justice is **to increase access to justice** for New Mexicans.

We provide unrestricted, noncompetitive funds to civil legal aid organizations. These funds support New Mexico Legal Aid, New Mexico Center on Law and Poverty, and DNA People's Legal Services in their work meeting critical legal needs of New Mexicans.

Our work helps ensure that New Mexicans are not denied justice due to an inability to afford it.

Defending Justice For All

"There can be no equal justice, without equal access to justice."

Attorney General Merrick B. Garland

Thank you for being an important part of defending justice in New Mexico *for all*, not just for those who can afford it.

By donating to Equal Access to Justice's Annual Campaign, you are upholding a fundamental right to justice, and changing lives for the better. This past year, to help meet the unprecedented need for civil legal services, we committed to increasing EAJ's 2021/22 campaign goal by 56% and asked you to join us in raising $250,000. Thanks to your incredible generosity and the tireless efforts of our campaign committee, this goal was exceeded by 9%!

We are grateful for your support and pleased to share the results and impact of this year's efforts in our annual report.

As we enter the third year of the pandemic, low-income New Mexicans continue to be disproportionately impacted and are grappling with challenges to their livelihoods, health, and safety. To compound the crisis, catastrophic wildfires have swept through our state creating life altering legal problems for many families. In the coming year, legal aid will be essential for the economic, public health, and natural disaster recovery in our communities.

Thank you for joining us in our longstanding efforts to increase funding for legal aid. Like you, we find it unacceptable that less than 20% of New Mexicans that qualify for legal aid are receiving it due to lack of resources. Working together, we can effect change and improve access to justice for all New Mexicans.

In partnership,

Susan G. Chappell

Your Support Makes a Difference!

"We could not do our work without the support of New Mexico's legal community and Equal Access to Justice. **These resources are essential to advancing system-wide changes for the health and well-being of our children and families** and help the New Mexico Center on Law and Poverty respond quickly and directly to community priorities."

The New Mexico Center on Law and Poverty

New Mexico Legal Aid - Silver City office

"Advocates at New Mexico Legal Aid work every day with victims of domestic violence, families - many with children- at risk of homelessness, people who become indebted to predatory lenders, and people suffering many other kinds of legal catastrophes. **The money we receive from Equal Access to Justice provides essential support for all the work we do for low-income New Mexicans** and helps our efforts to expand services to meet the increasing need across our state."

"At DNA People's Legal Services, we use EAJ funding to help families with legal needs that have devastating consequences if unaddressed – denials of rightful health and financial benefits for the disabled and unemployed; unlawful evictions and repossessions; physical and financial exploitation and abuse; unsafe housing conditions; and discrimination at work. **In our extremely rural and remote service area, EAJ funds provide an attorney for those who need one to secure safety, stability, and a measure of dignity in their lives.**"

NEW MEXICO LegalAid

Defending Justice For All

Your Support Makes a Difference!

Every day, New Mexico Legal Aid, the New Mexico Center on Law and Poverty, and DNA People's Legal Services are helping New Mexicans with a range of legal issues. In addition to providing legal assistance, representation, and systemic legal advocacy, our partner organizations are out in the community leading training series, hosting free legal clinics and pro bono assistance programs, preparing and distributing educational materials, and serving as an invaluable resource for many groups and organizations across the state.

Protecting Tenants

A young mother came to DNA complaining of multiple landlord abuses, including lack of repairs, refusal to accept rent, unlawful termination notices, and that the landlord was trying to force her family out of the home. DNA sent a demand letter to the landlord outlining the tenant's rights, the landlord's responsibilities, and a list of repair issues. In response, the landlord filed a claim for eviction and unlawfully incapacitated the tenant's heater, leaving the mother and her two small children without heat.

DNA filed an extensive answer in response to the landlord's retaliatory eviction suit, and brought the case to trial, which led to a positive settlement agreement: the heat was restored, new provisions were added to the lease, and the landlord agreed to pay the tenant $2,100 as settlement for the claims of retaliation and unlawful diminution of services.

Advocating for Patients

A man was bitten by a brown recluse spider at home and was rushed to the hospital. After several days of treatment, he was discharged, and sent a bill for over $60,000. Without insurance, he was paying entirely out-of-pocket. The hospital's self-pay policy lowered his bill, but it was still over $18,000 so he sought help from the New Mexico Center on Law and Poverty. They advocated for many hours to renegotiate his bill, resulting in his bill being reduced to $12,000 and the hospital implementing a 24-month payment plan to help him avoid collections.

NMCLP's analysis showed that as a self-pay patient, he was charged substantially more than what insurance companies would have paid for the same services. Because there is currently no limitation imposed on billing by for-profit hospitals in New Mexico, hospitals are able to pass on exorbitant charges to low-income, uninsured patients. NMCLP is pursuing systemic solutions to address this issue for thousands of uninsured patients in New Mexico.

Assuring Family Safety

A women's shelter referred a client to New Mexico Legal Aid after her recently ex-boyfriend came to her parents' home drunk, wielding a firearm, and threatening her safety and that of the couple's three children. Prior to leaving the relationship, the client had experienced significant verbal abuse and serious threats from her partner, whose drinking continued to escalate. NMLA successfully advocated for a 6-month Domestic Violence Order of Protection and obtained a custody attachment awarding the mother primary custody. Additionally, NMLA obtained a credible threat finding, and the Court ordered the adverse party to surrender his weapons.

Thank you for leaving a legacy of justice!

"My name is Leonard Padilla. I have been licensed to practice law in New Mexico since 1988. Recently, I decided to have estate planning documents prepared for all the usual reasons. I have chosen Equal Access to Justice as a beneficiary of my estate. I make this legacy donation to acknowledge the opportunities in my life provided by a legal education and the privilege of practicing law. Also, given the current times in which we live, this gift is made under the premise that if we are to remain a nation governed by the rule of law, the rule of law must be made available to all."
